We at ETI Toys care about your child’s learning and development. We believe in making toys that are fun and educational at the same time. Our toys help to build spatial and social skills at an early age, while your child is having fun he/she is also following the fundamental path of learning focused on STEM.

Please do not hesitate to contact us at sales@ETIToys.com for any queries or issues with your purchase.

Testimonial:
⭐⭐⭐⭐⭐ Fun fun fun!
By Cari on November 19, 2015

My son loves these. Admittedly he is 2 and the package says 3 plus but we play with him and it works out great. The pieces in this set are big enough for small hands and it allows for a lot of creativity. There are L brackets, straight pieces in various sizes, nuts, bolts, 2 small cubes, 2 larger cubes, and 4 wheels. This all comes in a nice plastic tote with orange accents. I really like the fact that the pieces are diverse enough to build a crab, a helicopter, or a bicycle. This product was sent to me at a discount in exchange for my fair and unbiased review.

Visit our website www.ETIToys.com, to check out our exciting range of products and save money by getting a discount on your next purchase.
